To Whom It May Concern –

ISAAC, the International Society for Augmentative and Alternative Communication, was in the process of organizing its 19th Biennial Conference of ISAAC, which was to have taken place at the Cancún International Convention Center (ICC), from August 1st, 2020 through August 6th, 2020.

All ISAAC conferences are scientific in nature, and are attended by many businesses, professionals and researchers in the course of conducting their own business and professional activities.

Owing to the current global COVID-19 pandemic, and with the full realization that current national border, travel, and health restrictions will make it impossible for people to travel or attend our conference, we have had no choice but to postpone our 19th Biennial Conference. **Our new conference dates are currently scheduled for July 31st through August 5th, 2021.**

ISAAC is making this decision first and foremost, to protect the health, safety and well-being of all our stakeholders and, in particular, that of people who use AAC and their families / personal support networks, many of whom are at higher risk of complications from COVID-19. We also note that the situation forcing this decision is fully outside the control of ISAAC or any of our designated service providers.

ISAAC has every intention of continuing to work with all of our currently designated service providers in organizing our 19th Biennial Conference at its newly scheduled dates.

Should you require any additional information, please do not hesitate to contact me directly via email at franklin@isaac-online.org.

Regards and thanks,

Franklin Smith, MBA, CMC
Executive Director
