

ISAAC-Canada National Directory of AAC Providers

ISAAC Canada is creating a *National Directory of AAC Providers*. Providers can include AAC centres or private practice AAC providers (professionals specializing in AAC).

Please feel free to send this to anyone you think is appropriate; it is a short questionnaire to gather information.

If you have any questions regarding the survey or the National Directory of AAC providers, please contact Stacey Harpell at sharpell@setbc.org.

We appreciate you taking the time and energy to fill out this questionnaire and/or send it on to others!
