The USSAAC Webinar Series presents
Selecting AAC apps for children with ASD

Presenter: Dr. Carole Zangari, Ph.D., CCC-SLP

Facilitator: Amy Goldman, Speech-language-pathologist

USSAAC Committee: Lateef McLeod (Chair),

Sarah Blackstone, Lisa Timm, Wendy Quach

Abstract: SLPs are increasingly faced with the task of considering AAC apps for children with ASD. There is great variability in the 200+ AAC apps for mobile devices with a wide range of features and levels of quality. In this presentation, we discuss a framework and resources for evaluating AAC apps.

Learning Outcomes:

- Participants will be able to discuss the role of AAC app selection in the larger process of feature match evaluations
- Participants will be able to describe linguistic features of AAC apps
- Participants will be able to identify tools (checklist, rubrics) for comparing and contrasting AAC apps

Presenter Bio Sketch: Dr. Zangari is a professor of SLP at Nova Southeastern University (NSU) and Executive Director of the NSU Satellite Center for Autism and Related Disabilities (UM-NSU CARD). She co-edited *Practically Speaking Language, Literacy, and Academic Development for Students with AAC Needs*. Dr. Zangari teaches AAC courses, supervises in the AAC clinic, and coordinates the AAC Lab. She is co-author of the blog *PrAACtical AAC*.

American Speech-Language-Hearing Association (ASHA) CEUs in speech-language pathology and audiology are awarded by the ASHA CE Registry upon receipt of the CEU Participant Form from the ASHA Approved CE Provider, USSAAC. CEU Participant Forms are available onsite at Registration. ASHA CEUs are provided to full registrations. This program is offered for up to .1 ASHA CEUs (Introductory, Intermediate)

The U.S. Society of Augmentative & Alternative Communication is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.
